

how to: Add Super-script

If you would like to add super-script to your text, you will need to go into the HTML code.

Method for super-script:

1. Go to Panel View
2. Click on panel view to open the HTML code. You should see something like this:

```
Source Code
<P>How to: Add super-script</P>
```

3. Find the content you want to add super-script to in the HTML code.
4. Apply the following code:

```
<SUP>***</SUP>
```

Where *** if your text you wish to be super-script

If you would like to adjust the size of the super-script text use the following code:

```
<SUP style="font:+px;">***</SUP>
```

Where + is your font size.
